

# Little Lovely Libby Pop-Up

## Materials:

FQG122 Stacking Pop-UP Pattern

FQG124 Large Pop-Up Refill

Outer Fabric - 6 Red scraps  $2\frac{1}{2}'' \times 11''$  and White scraps or  $\frac{5}{8}$  yard

Outer Base -  $11''$  circle of coordinating fabric

Midweight Non-Fusible Stabilizer - 1 yard

Inner Pop-Up Fabric -  $\frac{3}{4}$  yard (Note: Ties are made from Inner Fabric or something coordinating)

Midweight Fusible Stabilizer - 1 yard (for Inner Fabric)

## Cutting Instructions:

Whites - Cut (4)  $2\frac{1}{2}'' \times 22''$ , (2)  $6\frac{1}{2}'' \times 11''$ , (2)  $4\frac{1}{2}'' \times 11''$ , (2)  $2\frac{1}{2}'' \times 11''$ , (1)  $3'' \times 34\frac{1}{2}''$

Reds - Cut (6)  $2\frac{1}{2}'' \times 11''$

Base - Cut (1)  $11''$  circle from coordinating fabric

Non-Fusible Stabilizer - Cut (1)  $12\frac{1}{2}'' \times 34\frac{1}{2}''$

$\frac{1}{4}''$  Seam Allowance Throughout

## Assemble Heart Strips:

Cut Heart Strips into (4)  $2\frac{1}{2}'' \times 18\frac{1}{2}''$  strips each. Label Heart Strip 1's vs. Heart Strip 2's.

the  
FAT QUARTER GYPSY

### Section 1 - Make 2

Sew a **Heart Strip 2** on either side of a 2-1/2" x 22" White strip as shown in the diagram at left. Line up the 6-1/2" white end of a **Heart Strips** with each end of the white strip. Press all seams toward the white strip.

### Section 2 - Make 2

Sew a **Heart Strip 1** on either side of a 2-1/2" x 22" White strip as shown in the diagram at left. Line up the 6-1/2" white end of a **Heart Strips** with each end of the white strip. Press all seams toward the white strip.

### Assemble Outer Fabric:

Sew sections together, offsetting each section as shown in the diagram at right. Press seams open.

Section 1 + Section 2 + Section 1 + Section 2.

*I skipped the step where you add the label... if you would like to add it, it could be put in when you sew the tube in 2 steps.*

### Trim Quilt:

Trim quilt by lining a ruler 1" away from the 2 outside hearts along the top. Trim 10" from top to get a finished height of 10". Do not trim sides!

Finished Height = 10"

## Sew Into A Tube:

Fold ends in towards center, right sides together. Match up squares so pattern continues around tube. Pin right sides together and stitch tube closed. When you stitch, the tube will be 'twisted' so the angled sides can be sewn together. It will be hard to sew without pinning it... so don't skip that step!

I found it easiest to fold the ends to the center, turn back the seam allowance of one edge and line up the other edge. Pin the edges together. Pick up the seam (the tube will be twisted and awkward) and adjust the pins so it is lined up perfectly before you sew.

## To Make the Pop-Up:

Replace Outer Fabric with Little Lovely Libby tube.

Mark 4 marks evenly around the top and bottom edges of the tube. Sew 3" x 34-1/2" White strip into a short tube (sewing 3" long sides together).

Mark 4 evenly spaced marks around the top and bottom of the 3" tall tube. Pin to top of Libby tube, stitch together. Press towards 3" strip.

Sew 12-1/2" x 34-1/2" of non-fusible stabilizer into a tube. Mark 4 marks evenly around the top and bottom edges of the tube. Pin to wrong side of Libby tube, matching marks. Baste at top and bottom edge. Following instructions in the FQG122 Stacking Pop-Up Pattern. The **Outer** tube instructions will skip right to page 4 with the step to add the base.

Match and pin at marks, stitch 3" tube to Libby tube. Press towards 3" tube.
